

Dear Residents & Families,

November is truly a time for reflection, togetherness, and the first pages of a final chapter of a truly great year! As 2021 starts to come to a close, we want to thank each and every one of you for all you have brought to our communities and Thrive as a whole day-in and day-out.

We want to make it abundantly clear that our top priority, even in the joyous celebrations of the upcoming holidays, is still and always will be the happiness, health, and safety of our Thrivers. We continue to follow all COVID-19 protocols per the Centers for Disease Control and Prevention (CDC), as well as the local and state health departments, to ensure the best care and safety for our residents.

Many of our communities have already begun their holiday festivities over the weekend and throughout the week, and there are plenty more where that came from in the next month & a half. We are more than delighted and our hearts are over-flowing that our doors are able to be more open this year than last. We still fully understand that many residents will be traveling for the holidays as well though. If a loved one does intend to go home or out for the holidays, please be sure to give the community plenty of notice so that our teams can ensure residents are equipped for a smooth visit and also that we will be prepared for their arrival when they return back to community.

We encourage all our families and team members to follow CDC recommendations for a safe holiday. Important information on how to keep yourself and others safe during these times of gathering can be found at: <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/holidays/celebrations.html>

Please know over the holiday how thankful and grateful we are for you and to consider you a part of our Thrive family. Sending warm wishes to you and yours - and a very Happy Thanksgiving!
